- ii. there is no reasonable prospect of recovery or viability through private-sector measures or supervisory actions within a reasonable time.

b. **Key Considerations:** In forming its judgment, BRD shall consider, inter alia:

- i. regulatory capital levels,
- ii. liquidity position and funding profile,
- iii. asset quality and risk concentrations,
- iv. ability to meet obligations as they fall due, and
- v. effectiveness of any corrective actions already taken.

23. Illustrative Non-Viability Circumstances:

a. Without limiting the generality of Section 15 of the Ordinance, a bank may be deemed non-viable and without reasonable prospect of becoming viable if one or more of the following exist:

- i. **Insolvency**—liabilities exceed assets substantially and fail to maintain regulatory capital requirements.

 - ii. However, if a moratorium is set or Administrator is deployed, a public statement must be issued no later than the next working day of taking the decision.
- e. **Legal Effect of Commencement:** From commencement of resolution,:;
- i. the bank shall carry on business only under the control and direction of BRD or its appointed Administrator;
 - ii. the Board of Directors and senior management shall immediately yield control to the BRD or its appointed Administrator;

 2. Shariah-based ownership/title;
 3. conversion values for Sukuk-type instruments; and
 4. Other necessary instruments, records, or arrangements as deemed appropriate by BRD.
- b. **Appointment of Administrator:**
- i. Unless BRD decides to manage the bank directly, it shall appoint an Administrator under Section 16(1)(ka) and Section 20(1) of the Ordinance, using [**Schedule D – Administrator Appointment Form**](#).

In case of Islami Banks, the Administrator must meet fit-and-proper standards and have adequate Shariah expertise or be assisted by a Shariah expert/panel.

- ii. The Terms of Reference (ToR) of Temporary Administration are stipulated in [**Schedule E – Terms of Reference of the Temporary Administration**](#).
- c. **Temporary Stays and Moratoria:** To stabilize the bank and facilitate resolution, BRD may order:
 - i. a general stay on obligations not exceeding two working days; and/or

 - iii. to give the protected depositors access to an appropriate daily amount.
 - iv. any stay, in case of Islami banks, that shall respect the close-out and termination features in Shariah contracts to the extent permitted by law and this Regulation, with novation or transfer to a compliant transferee where appropriate.
- d. **Securing the Bank:** BRD and/or the Administrator shall promptly:
 - i. secure control over premises, books, accounts, and IT systems,

 - i. ensure that wherever subordinated debt is referenced as a loss-absorbing tool, Islami banks shall use Shariah-based instruments in every case.

 - iii. ensure that in resolution by acquisition, purchase and assumption (P&A), or merger, both the transferor and transferee shall be Islami banks where Shariah-compliant assets and liabilities are transferred.
 - iv. ensure that where a Bridge Bank is established for an Islami bank, it shall be constituted as an Islami Bridge Bank. Such Bridge Bank may reduce or raise profit rates on acquired deposits and investment accounts effective from the date of

written notification to customers, subject to applicable law and contract. The Board of the Islami Bridge Bank shall include at least one Shariah expert.

- v. ensure that nothing in this section prevents BB from extending emergency liquidity assistance or other market-wide liquidity mechanisms to a Bridge Bank, provided that for Islami banks such support shall be structured as Shariah-compliant financial assistance as determined by BB.

- vii. ensure other pertinent measures as deemed appropriate.

 2. the Administrator resigns or becomes incapacitated,
 3. BRD removes or replaces the Administrator for cause, or
 4. BRD determines that resolution is complete.
- ii. At termination, the Administrator must:

 2. hand over all records and control to the succeeding authority—whether a new board and management, a bridge bank, a purchaser, or a liquidator—ensuring a smooth transition.

g. Employment Protections

- i. No mass termination of staff shall occur without BRD's approval.
- ii. The Administrator may temporarily suspend contractual termination rights of employees, if necessary, to maintain critical operations.
